

To whom it may concern,

I am a constituent living in your district. I am writing to ask you to support the recently introduced legislation of HB 4458 & 4459. This legislation is of vital importance to keep our community and loved ones safe while they enjoy recreation in our state.

This bill holds the power to avoid accidents that can be caused by mixed traffic on the snowmobile trails. Wheeled vehicles and snowmobiles do not belong on the designated snowmobile trails at the same time. The difference in height and weight can become a deadly situation.

Snowmobiles are manufactured to remain safe and stable on snow covered icy paths, unlike a vehicle with rubber tires, that are built for rough terrain, dirt or pavement.

Due to the volume of riders in both groups, the shared trails have created a very dangerous recreational choice. By being proactive, we can put a stop to this issue and prevent more casualties. I place confidence in my elected representatives to make the best decision and support this legislation so that our loved ones can return home after creating memories to last a lifetime.

Sincerely,

Address:
